New for 2025

Predictive Finish Times (Half Marathon only)

We will be asking for predicted start times during the registration process, this will enable us to do wave starts, with the fastest runners off first. Runners will be given specific race bibs relative to their time and easily identifiable to Event Marshals.

10k Race

This year we will be trialling a 10k race. Runners will start at 8am. Runners will be required to wear a race bib on the back of their running shirt, in addition to bibs on the front of their shirts, this is to identify them to the half marathon runners.

Free Minibus Shuttle from St Andrews Park to the finish

To avoid congestion on Mont Cochon and to the entrance to Jersey Hospice Care. We will be operating a free minibus shuttle service from the entrance to St Andrews Park to the car park entrance at Hospice and return. The minibus will run approximately every 7 minutes. This service will commence at 9am and finish at 11am. Please ensure your spectators are aware of this service. There is NO parking in or around the hospice finish line and all areas are heavily marshalled. Any donations on this service would be welcome.

Marquee & Refreshments

We have listened to your feedback and this year we will be serving refreshments in a marquee to allow for more space. Refreshments are free of charge, but donations would be welcomed.

Cakes are made by volunteers and therefore we will draw attention to allergens.

Massage

There will be massage therapists available in the King Centre at Jersey Hospice Care to help sort those tired legs.

Cut off Times

Cut off times have been calculated at an average run rate of 17 minutes per mile. In the event a runner falls behind this, they may be asked to withdraw or continue unsupported and the tail bike/runner will overtake them and follow the next runner.

Driving to, & Drop Off at the Start Line

In order to avoid congestion. **Rue de la Croix will be closed from 7:30am**. Drop off is at St Ouen Parish Hall. (More information below). No parking at the parish hall.

The Routes

The 10k Route

The 10K race will start at Chemin de L'Eglise (junction with Rue du Creux Ballot), St Ouen, approximately 500 meters from the Half Marathon start line. Runners are asked to meet at the Hospice Fundraising shop where they will be guided to the start line by a race official along Rue du Creux Baillot. (See Yellow arrows)

The 10K run route follows the second half of the half marathon route through St Mary. Turning right onto Les Chenolles.

Once joining Les Chenolles in St John, 10K runners follow yellow arrows. All other runners follow the red arrows. Marshalls and signage will guide you.

The Half Marathon Route

The route can be found on the Jersey Hospice Care website
